

# Parking and Camping Rules

(Check our Website each year for any updates and additional help!)  
[www.tintipi.com](http://www.tintipi.com)

1. **“GROUP PARKING”** Rectangle group parking cannot be done in areas **A, B, C, D, and E**. These are prime areas, and we want to fit as many guests into those areas as possible. If you do “GROUP PARK” in other areas, such as **F – G – H**, we would appreciate you following the guideline of no more than 15 feet in the center for your area, especially where the fields are narrow and depth space is limited. Any **“Circular”** type parking will have to be approved by Scott and would only be allowed in G and H. There may be additional cost in any parking, which takes up more area than normal.
2. **THIS IS NOT A CAMPGROUND...** It is a working Ranch! Please be careful where you walk. We mow our fields for you to camp in and there are roadways that you can drive on and walk on to get yourself to and from the events at the Museum. Please do not venture into areas that are not mowed or that are not meant for campers. It is impossible to mark off every possible danger, therefore we expect you to be respectful of the property and be careful. Be mindful of the ditches, water holes, barbwire fencing, and any other aspect of a working ranch that might be a danger.
3. **HOLDING ADDITIONAL CAMPSITES** can be done **“only”** if paid for in advance at the Registration Tent. Each site should be no bigger than 25 feet wide and 35 feet deep. Files will be opened under the last name of the person paying for the additional camp spots. Please communicate with those that you are paying for and let them know that they will need to tell us that they have been paid for by you, and it is your name that they give us at the Registration tent to help us find their file. **PRE-PAID guests can bring their own Registration form along with the Liability Release form.** We have forms at gate if needed.
4. **GENERATORS** are allowed in all areas except for the Primitive area. If you do use a generator, please be respectful of others and only run your generator **when absolutely necessary** and only between the hours of **8:00 am to 9:00 pm**. If your generator is a particularly noisy generator, please park out in G – H. **Absolutely no generators can run past 9:00 pm.**
5. **FIRES** are **“only”** allowed in fire barrels, which sit 12 in. above ground. We appreciate those of you who bring in your own fire barrels that meet these requirements. However, if you don't have a barrel and need to rent one from us, you can do that at the registration tent. The cost is \$20.00 per week, which includes \$10.00 worth of wood; however there will be a \$10.00 deposit, which will be returned to you when you return your fire barrel and unused wood to us. **IF YOU BRING IN FIREWOOD, TAKE IT HOME WITH YOU. PLEASE DO NOT LEAVE ANY FIREWOOD IN THE FIELDS FOR US TO PICK UP. Do not haul rocks onto fields. They will damage ranch equipment.**
6. **HOT ASHES** need to be put in Ash Barrels, which are placed next to the large garbage containers at the top of fields B and G. We have had fires started by guests throwing their hot ashes onto fields, trees, and large **“GARBAGE”** bins. Please be careful with hot ashes for your safety and those around you.
7. **WATER:** Well water can be located at the Ranch house and/or Registration office. There are also 6 large water containers with potable water in fields C, D, G, H, and J. **We have limited water resources, so please bring your trailers and jugs filled and we'll help you with your refills.**
8. **DOGS - Wyoming Law requires that all dogs must be on a leash no longer than 10'.** We also follow the **FBRA DOG POLICY RULES**, which are... Keep your dog under control at all times and please keep your dog quiet. Do not allow them to bark, whine, or howl for an unreasonable length of time. A violation of these rules will be first a warning, which can be issued by any Law Official, Employee of Tin Tipi Village, or any FBRA official. A second violation will be a fine of \$35.00. If this fails to resolve the problem, you will be asked to leave the property. **Any dog that becomes a threat to another animal or human will be asked to leave the property without any previous warning.**
9. **GARBAGE** containers are located at the North end of fields G and B. We try to make one or two runs through the fields each day beginning on Thursday to pick up your garbage, because we know it is hard for you to maneuver through the fields to get your garbage up to the large garbage bins once it gets crowded. **WHEN YOU LEAVE “PLEASE” REMOVE ALL TRASH FROM YOUR AREA AND PLACE IT IN THOSE LARGE CONTAINERS.** You'll be driving by one or both garbage bins, so please remove your own garbage when you leave. **DO NOT LEAVE “ANYTHING” BEHIND IN YOUR CAMPING AREA. PLEASE PICK UP AFTER YOURSELVES!**
10. **HOURS: Tuesday – Wednesday: 9:00 am – 9:00 pm, Thursday – Sunday: 8:00 am – 10:00 pm.** It starts getting dark about 8:30 pm and it is hard to find your way around in the backfields. If you plan on arriving after dark, please have someone guide you back. If you need assistance, please let us know at the front gate. Once we close the front gate, you will need to pull off into the front fields and wait until morning to enter, even if someone has pre-paid for you to park. If we have weather issues, we may close down any access to the backfields until we feel it is safe. Labor Day: **8:00 am to 5:00 pm, when CLOSED** to all camping and we turn back into a ranch. Fort Traders and FBRA Officers are allowed to stay later for Trader breakdown.
11. **CONTRACT:** If you would like a copy of the Contract that you signed at Registration. Please ask one of us at the office.
